

**City of Williamsburg
210 West State Street
PO Box 596
Williamsburg IA 52361**

Special Session
August 29, 2005
7:00 p.m.

Mayor Armstrong and council members Phillips, Greiner, Kirkpatrick, and Lortz were present. Wanner arrived at 7:04 p.m.

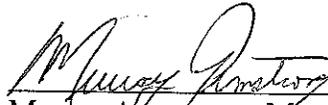

Synergy did the first boring and jacking across Highway 149 for the South Trunk Sewer project and it was five feet too high on the west side. That was abandoned. They moved four feet south and tried another boring and jacking and are now a foot too high. Synergy is not asking for extra compensation for the second boring and would ask that the City not ask for extra compensation because of the variance.

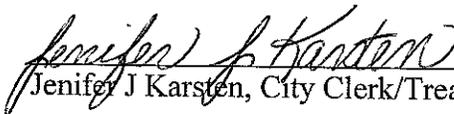

Jim Jacob, VJ Engineering, will modify the city design standards as discussed.

Motion by Phillips and seconded by Greiner to authorize Synergy to go ahead with the second boring and jacking across Highway 149 for the South Trunk Sewer Project. Roll call: ayes; TP, PL, MG, DK, nay, GW. Motion carried.

Motion by Phillips and seconded by Kirkpatrick to turn the claim for the damage to the mailbox at 417 Page over to the insurance company. Roll call: ayes; GW, TP, PL, DK, nay; MG. Motion carried.

Motion by Phillips and seconded by Lortz to adjourn at 10:10 p.m.

Murray Armstrong, Mayor

Jennifer J. Karsten, City Clerk/Treasurer
